

HOUSES OF PARLIAMENT

On Wednesday, the School Councillors went to the Houses of Parliament. They went on a tour around The House of Lords and The House of Commons. We were able to see the exact areas where debates take place and we were able to see where the Prime Minister sits. At the end of the tour we had a workshop. We did a quiz, and even got to have a debate just like MPs! There was also a surprise visit from one of John

Baron's workers, (John Baron is our local MP) he discussed what important laws John Baron had passed recently. All of the children were well behaved during the entire trip.

WANTED USED BATTERIES

Each year we throw away 600 million batteries a year. 20,000 tonnes of batteries end up in landfill sites. To help stop this we have signed up to the Big Battery Hunt. All classes have been given two battery boxes to start with to fill. There will be a prize for the class who collect the most batteries. All you need to do is:

- *collect as many used batteries as possible
- *bring them into class and put them in the battery collection boxes

Batteries that will be accepted are : AAA AA C D

The boxes will be collected by the organisers of the Big Battery Hunt and we will automatically be entered in to further competition depending on how many batteries we can collect. The prizes on offer through this competition will benefit our school.

Thank you for your continued support.
