Internet Safety Workshops

On Monday 10th September both the children and the parents had the opportunity to participate in Internet Safety workshops. During the day the children were given top tips on keeping themselves safe online while in the evening, the parents found out about how they can actively encourage their children to use the internet safely and what to look out for in different apps. Running alongside the parent workshop, the children thoroughly enjoyed watching a selection of movies with their friends at their very own Movie Night! We would like to thank all the parents that attended this event.

One of the key messages delivered during the evening was how to report a serious online safety issue to the police by visiting www.ceop.police.uk.

REMINDERS

Please encourage your child to eat breakfast before coming to school each morning as having a full tummy helps children to concentrate
