PE and Sports Premium Grant Report
2021/22**

Merrylands Primary School and Nursery Sports Premium Information

2021/22

Department for Education Vision for the Primary PE and Sports Premium:

ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

At Merrylands, we recognise the contribution of PE and sport to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School PE and Sport's Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

This means that we will use the premium to:

- ❖ develop or add to the PE and sports activities that our school already offers
- ❖ build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

To achieve self-sustaining improvements in the quality of PE and sport in primary schools, it is important to emphasise that the focus of spending must lead to long lasting impact against the vision (above) that will live on well beyond the Primary PE and Sport Premium funding. To this end, our planned expenditure will:

- ❖ Provide staff with greater confidence and increased skills to continue to lead on PE lessons
- ❖ Enable us to continue and to increase participation in partnership/local sporting tournaments
- ❖ Ensure we continue to meet healthy school status and to listen and react upon Pupil Voice

Primary PE and Sports Grant 2021/2022

There are 5 key indicators that Merrylands should expect to see improvement across:

- ❖ The engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
- ❖ The profile of PE and sport is raised across the school as a tool for whole-school improvement
- ❖ Increased confidence, knowledge and skills of all staff in teaching PE and sport
- ❖ Broader experience of a range of sports and activities to all pupils
- ❖ Increased participation in competitive sport
